Continued from Page 1. ess of the Republican party in Utah, nd even now, after all the sorrow and shame it has brought upon the state and after all the injury it has done to the industries of the state, it offers no relief.

It was the Republican party that set Thomas Kearns up as a dictator and thus brought misery upon the state. It was the Republican party that substituted Reed Smoot for Thomas Kearns as the supreme dictator in public affairs.

Bossism is always intolerable among citizens who are free. And bossism is none the less intolerable because it happens to be coupled with ecclesiastical power and influence. A priestly robe will never hide from the eyes of liberty-loving DEATH WOULD BE WELCOME

never hide from the eyes of liberty-loving freemen the cloven hoof of the political boss behind the robe. The transfer of the dictatorship in Utah politics from Thomas Kearns to Reed Smoot did not cure the evil that was gnawing at the vitals of the state. The only certain cure is the rooting out of bossism of all breeds. A victory for Thomas Kearns, backed as he is by that Republican faction styled "the American party," would not bring peace. A victory for Reed Smoot now, backed as he is by that Republican faction styled "the smoot machine," would not bring peace. A victory for Reed Smoot now, backed as he is by that Republican faction styled "the Smoot machine," would not bring peace. A victory for Reed Smoot machine," would not bring peace. The success of either means nothing but continued sorrow, shame and confusion to this community.

Remedy Pointed Out.

Then what is the remedy?

The answer is plain—give common sense a chance.

Whatever is said above in the way of criticism or censure is intended for the leaders and the management of the parties and factions and not for the rank and file. The rank and file of one party is just as honest, just as intelligent and just as patriotic as the rank and file of the other parties. Honest men in all parties a patriotic as the rank and file of the other parties. Honest men in all parties who desire by what party elected; and a bad law bears down upon all alike no matter by whom enacted.

This being true, men who think alike on public questions should act together. Those men in this county who are convinced that the community is cursed by this never-ending warfare between "the Smoot machine" and "the American party" should seek a common ground. Reasonable men in all parties who desire peace should get together.

The permanent settlement of the difficulty is offered at this time by the Democratic party. This party is in no degree responsible for the rank and file of the common ground at a red silk bag. The permanent settlement of the diffi-culty is offered at this time by the Demo-cratic party. This party is in no degree responsible for the present disgraceful conditions. It offers common ground for all friends of good government. Neither "the American party" faction nor "the Smoot machine" faction will long survive defeat. Certainly the community would defeat. Certainly the community would be fortunate to be rid of both. It would seem to be the first duty of all good citizens to assist in eradicating them.

Democratic Position.

On the one point that is the chief cause of trouble just now, the Democratic party holds no equivocal position. This has reference to "church influence" or "church influence" or "church interference." The Democratic party in Utah has always stood for the complete and absolute separation of church and state.

As a final word at the opening of the campaign, we appeal to all Democrats in Salt Lake county and to all other good citizens disposed to co-operate with Democrats in this fight to organize now. ARNOLD AND DICKSON

Continued from Page 1. I wish that if you say anything at all about this, that you would say that I am certain that I got some truth there. I communicated with my dead sister and received messages from her spirit that only she could have given me. These men possessed the true spiritualistic power, but when they began to use it for false purposes, to make money, it weakened and they substituted false or artificial spirits.

"After the winter had passed and spring was coming we found that our daughter was mediumistic. She developed an unusual nervousness. We asked Dickson what was the matter. He said that she was under the bad influence of evil spirits.
